She herself has been reserve champion of two county fairs and took the reserve championship in both the open and Land of Lincoln show at the State Fair this year in the junior show. At every fair except one we showed against horned animals, part of the time being the only polled animal in the ring and she has always held up very well, placing in the top one, two or three. She was calved during a freak snow storm in April and her ears are slightly marred.

SWEETBRIAR ROYAL LADY 2d x—A good-headed, deep-bodied heifer that we had intended to keep in the herd and was on bluegrass pasture until August 23. She is a half sister to the champion Shorthorn steer at the 1961 Illinois State Fair junior show and is of the same type, being thick and smooth. Her dam is one of our best cows and now has a full brother to this heifer that will be in our show herd next year. Vaccinated and sells open.

Did You Know

That Lynnwood's famous sire, Carona Fascination x, pictured above, was purchased in the Illinois Polled Sale as a calf at foot (March, 1951 sale)?

That the grand champion bull . . . grand champion female . . . reserve champion bull, at the 1961 Silver Anniversary Sale were all out of females purchased in former Illinois Polled Sales?

Every offering of the Illinois Polled Shorthorn Breeders' Assn., is loaded with the kind that can improve top herds.

STANDARD GUARANTEE

endorsed by the

AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

INQUIRIES ABOUT CATTLE LISTED—The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animal listed in this catalog. Such correspondence should be addressed to Don Longley, Sale Manager, 16 S. Locust St., Aurora, Illinois.

MEMORANDA

ON THE FRONT COVER . . . two heifers bred in the Leemon herd. Left, Ceremonious Rosewood Rose x, retained in the herd; right, Ceremonious Jealousy 21st x, top selling Polled Shorthorn female in 1959.

17 Bulls

Most ready for immediate service.

Several outstanding younger herd bull prospects.

37 Females Lots

27 of them well along in calf to nationally famous sires.

10 beautiful open heifers . . . most of them ready to breed now.

An Honest Question . . . An Honest Answer--

"Are cattle in this consignment sale good enough to serve as foundation stock for herds that wish to reach the top?"

This Spring, the Illinois Polled Silver Anniversary Sale was held. It was the finest offering in the long history of this association and acclaimed by all who attended.

The grand champion bull . . . the grand champion female . . . the reserve champion female . . . were all out of females purchased in previous Illinois Polled Sales.

The semi-annual sales of this Association are the major events for Polled Shorthorns in this state during the year. Since there are no individual breeder auction sales, the finest available for sale from the herd of our 112 members go into the Illinois Polled Sale.

Every animal has been hand-picked by the inspection committee.
